Safety:

Watch your step around the Marina for the next few months. There are a lot of loose boards and debris in the area. Several water lines were severed during the hurricane as well as further damages to existing electrical services in and around the Marina. There are also many remnants

of pilings and piers floating around in the Marina – so watch where you steer when coming in or out of the Marina area in your vessel. The Island Commission is slowly removing a lot of this debris. Most of the water line damage has been temporarily repaired according to Butch Neely.

Junior Sailing:

PIC Report:

The Commission was unable to convene in their normal facility due to damages sustained from the hurricane as well as lack of attendance. The board agreed to allow the Commission to hold their meeting in our clubhouse on October 18th.

Old Business :

The Nominations Committee was not fully present - therefore there is no updated report at this time. Carolyn has the most recent nominations listed in the September Mainsheet.

New Business :

Discussions regarding the repair of the Marina, Clubhouse, & Grounds were had with a lot of mixed results on the matter. It was agreed that the board would address some of the issues during the board meeting.

Meeting was adjourned at 8:16 pm.
